

# OUTSOURCE YOUR R&D AND PRECLINICAL PROJECTS

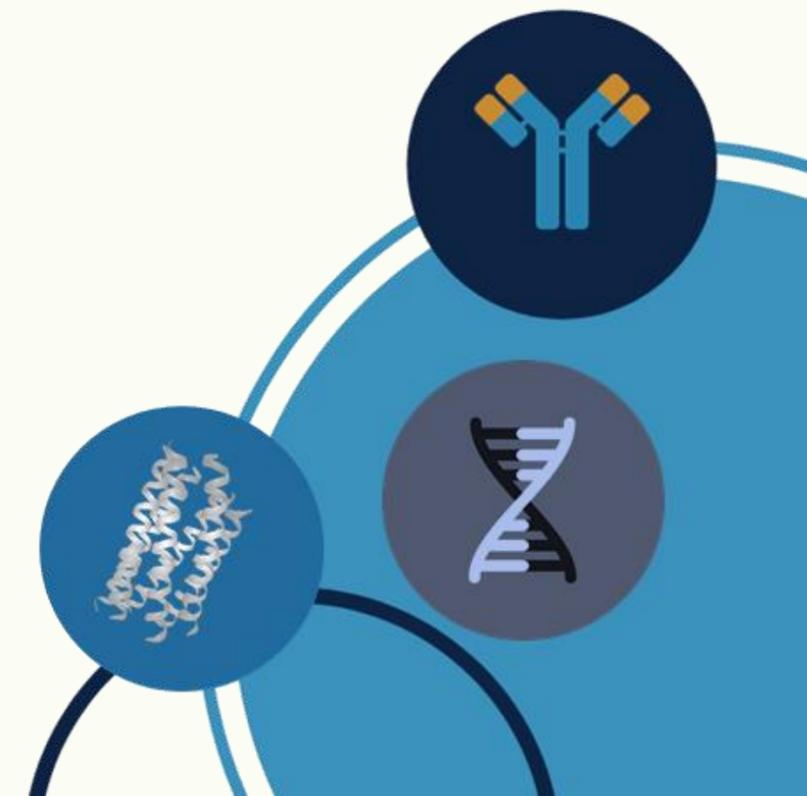

Custom Services & Products

*Integrated Biotechnology Solutions*

A COMPANY OF

ADEBIOTECH CELL FACTORIES FOR INDUSTRIAL BIOPRODUCTION, MARCH 2022

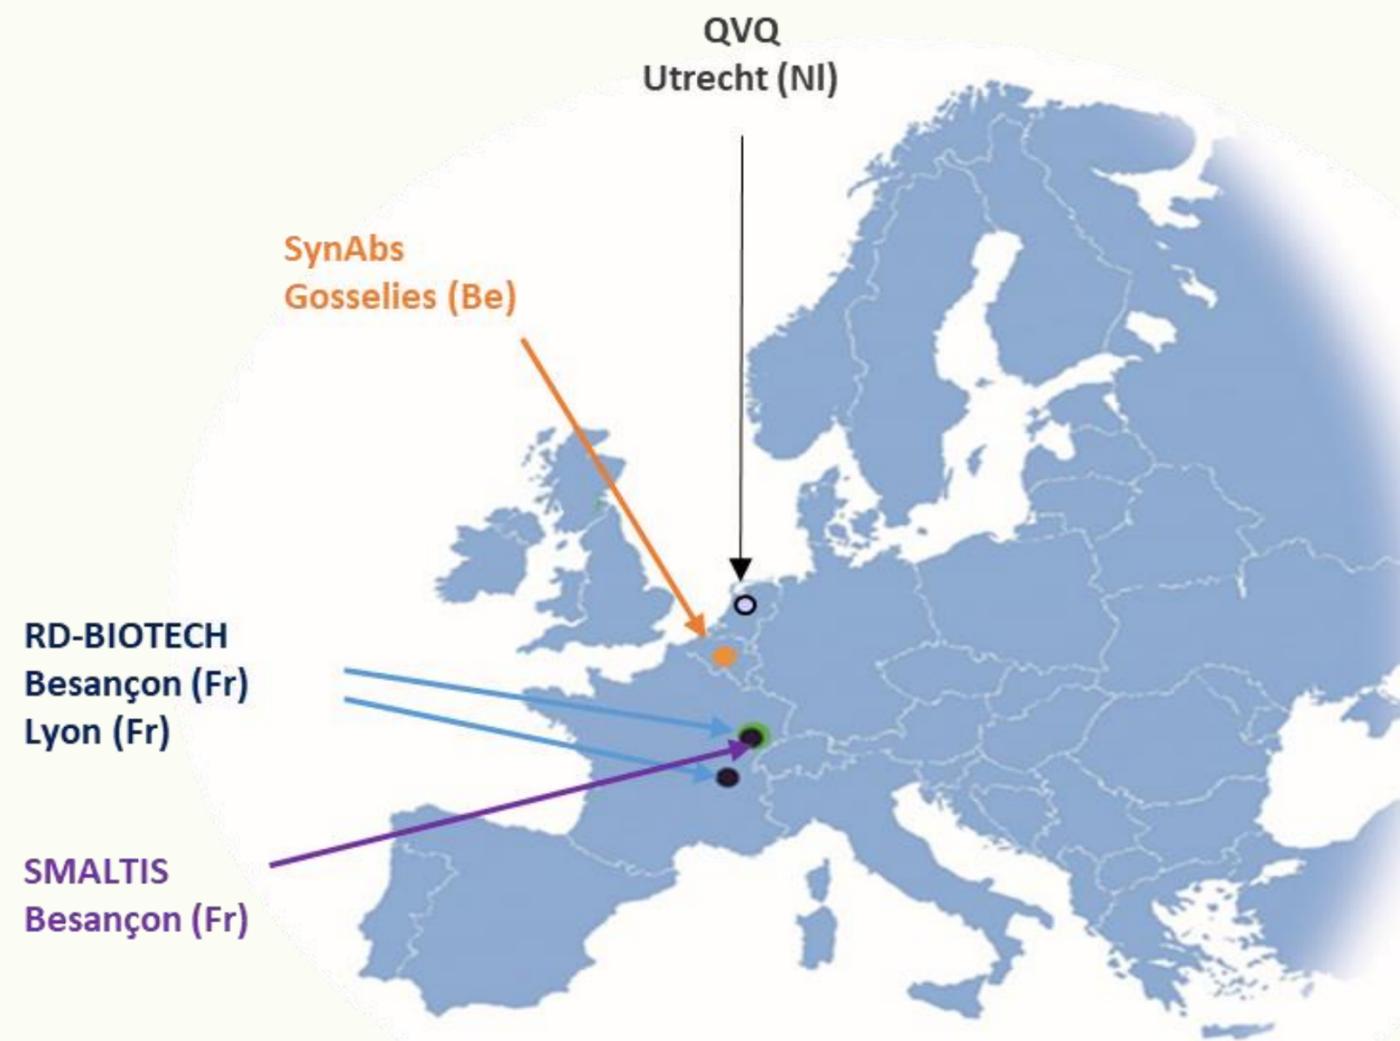

www.mabexperts.com

# A TEAM OF EXPERTS IN MOLECULAR BIOLOGY, ANTIBODY & CELL ENGINEERING

- 80 collaborators
- Turnover > 10M€
- Over 30 years of experience & expertise

**Biomanufacturing**  
R&D and High Quality Grades - mAbs, Recombinant antibodies & proteins, plasmids, cells

**Antibody engineering**  
Sequencing, Optimization, Chimerization, Humanization

**Molecular biology & recombinant protein engineering**  
Vector cloning, Protein expression, Process optimization, Characterization

**Product range**  
FastELISA kits

**Boost your R&D and preclinical projects with RD-Biotech & Smaltis !**

**Tailor-made services linked to health challenges**  
Antibiotic resistance - antimicrobial candidates  
Microbiota – microbiome-based programs  
Bioproduction – bacterial strain engineering

**Product range**  
Genetically modified bacteria  
Collection of clinical strains
