

Enzymatic Biocatalysis for Industry

Novel applications, Stakes and future challenges for the industry

October 26-27, 2022

Biocitech, Romainville-Grand Paris, Amphithéâtre Pasteur

Preliminary agenda– Update July 6th, 2022

Day One: Wednesday October 26th, 2022

13:00-14:00 *Participants registration and Welcome coffee*

14:00-14:10 **Adebiotech introduction**
Sylvio BENGIO, Adebiotech, France

14:15-14:45 **Keynote lecture**
Pr. Frank HOLLMANN, TU Delft, Nederland
European perspective on enzymatic biocatalysis

14:45-18:15 **SESSION 1 - ACADEMIC/INDUSTRIAL COLLABORATIONS**

14:45-15:05 **Laurence HECQUET**, CBSO, France
The French Biocalysis network

15:10-15:30 **Laurent DESROUSSEAUX**, Adisseo R&D CINABioLab + TBI partner (Toulouse Biotech Institute)
Collaboration industry academic research (Title to be confirmed)

15:35-15:50 CARBIOS/CRITT or TBI
Title and speaker(s) to be confirmed

16:00-16:30 *Coffee break / exhibitions / posters / networking*

16:30-16:50 **Michel MILLARES**, GECCO
Production of biodiesel from organic waste using enzymatic process

16:55-17:15 **Louis MOUTERDE**, URD ABI - Building blocks & Fine chemicals
Title to be confirmed

17:20-17:45 **Wolf Dieter FESSNER**, Univ. Darmstadt
European Project CC-Top

19:00-20:00 **COCKTAIL**

Day Two: Thursday October 27th, 2022

8:30 Welcome coffee

9:00-12:30 SESSION 2 - INDUSTRIAL APPLICATIONS AND CHALLENGES (part 1)

9:00-09:30 **Juliette MARTIN**, Seqens
Tailored-made enzymes for industrial applications: screening from diversity to enzyme engineering

09:30-09:50 **Alain RABION**, Sanofi
Title to be confirmed

09:50-10:10 **Jean-Jacques SCHOONJANS**, Novéal and **Speaker to be confirmed**, Protéus
Biocatalysis: a greener tool for more sustainable cosmetic ingredients

10:15-10:35 **Jean-Christophe LEC**, Arkema
Biocatalysis for commodity and speciality chemistry

10:40-11:25 Coffee break / exhibitions / posters / networking

11:30-11:50 **Nico SNOECK**, Bio Base Europe Pilot Plant
Title to be confirmed

11:50-12:10 **Speaker to be confirmed**, EnginZyme Technologies for enzyme immobilization, EnginZyme Sweden
Development of Cell-Free Enzyme-Based Production Processes

12:10-12:30 **Rita CRUZ**, Ingenza Ltd; Roslin Innovation Centre
Exploiting microbial cell factories to secure the future of industrial enzymatic biocatalysis

12:30-14:00 Buffet Lunch / exhibitions / posters / networking

14:00-16:30 SESSION 2 - INDUSTRIAL APPLICATIONS AND CHALLENGES (part 2)

Agenda under construction

Round table
Flash posters

16:30 End of the meeting
